# Java, Bali, Flores & Komodo Volcanoes, rituals & dragons!

Gentle Java is unlike any other tropical island in the world. Heir to an art and history that is as supernatural as its temples (Borobudur, Prambanan, etc.), this island is a landscape of rice paddies dominated by a hundred volcanic cones, which are as beneficial as they are destructive. You'll experience the power of nature at the foot of the Merapi volcano, the most active in Indonesia, the Bromo volcano, one of the most aesthetically pleasing, and in the crater of Kawah Ijen, the most sulphurous!

You will then set foot on Balinese soil, nicknamed the Island of the Gods, with its gentle strolls through fabulous landscapes of rice terraces, traditional villages and sacred temples.

Flores, one of Indonesia's most unspoilt islands, offers a natural environment conducive to superb hiking. These take us to meet many tribes with traditions dating back thousands of years. Animist practices are still practised, for example, in the Kelimutu volcano region, and the Ngada villages are reputed to be the most traditional on the island. Manggarai is also the most fertile region, where the natives once lived in vast circular houses.

Finally, you'll end your journey in the Komodo archipelago, with its picture-postcard seaside landscapes. You'll also come face to face with the famous dragon, an enormous varan that may be one of the last survivors of the dinosaur era!

#### Highlights:

• Immersion in the heart of three different islands, Java, Bali and Flores, in a single tour.

• Discovery of must-see cultural sites (the temples of Prambanan, Borobudur, etc.) and exceptional landscapes, particularly during the (easy) climbs of the Bromo and Kawah Ijen volcanoes.

- · Walks in the rice fields of Bali
- · Cruise through the extraordinary Komodo archipelago

At the end of the morning, you head for the Ratu Boko temple, perched on the Gunung Kidul hills overlooking the Prambanan plain. You then begin a short hike to the Hindu temple of Prambanan, through forest, traditional villages and rice fields. Yogyakarta ♥ ♣ Sukuh Temple ♥ 12km - ⓓ 4h Tawangmangu ♥ ♣ 290km - ⓓ 7h Tumpang ♥ • Morning transfer to the Sukuh temple, the last bastion of Hinduism in Central Java in the face of the spread of Islam. The temple's original iconography, including phallic figures and large turtle-shaped tables, suggests the existence of initiation and even orgiastic rituals. You then set off on a walk towards the village of Tawangmangu, on the slopes of the Lawu volcano. This walk is an opportunity to discover some of the plant species found in this region, as well as admiring superb panoramic views of the surrounding pine forest and high-altitude plantations. You finish your walk by crossing the Tawangmangu park, which leads you to a superb waterfall (Grojogan Sewu) in the middle of a tropical forest inhabited by a large community of monkeys. In the afternoon, transfer to Tumpang, near Malang, at the western foot of the Bromo-Tengger-Semeru massif.

  will then reach the **Tumpak Sewu** waterfall ("Thousand Waterfalls" in Javanese). As you descend into the
  gorge (on a slippery and sometimes steep path), you will feel the force of the hundreds of streams as they
  "plunge" over 100m. Seen from above, the beauty of this waterfall seems ephemeral as the fine mist soaks

everything in its path. No wonder, then, that a photo of Tumpak Sewu with Mt Semeru in the background won the award for "best aerial shot" in 2019. And, if you're also taking your camera equipment with you, remember to protect it from moisture. Return to Tumpang in the late afternoon.

Tumpang ♥ ♣ 35km - @ 2h Cemorolawang ♥

- In the early morning, 4x4 vehicles will take you to the Tengger region, where the famous Mt Bromo (2329 m) spits out its volutes and the surrounding caldera forms a gigantic sea of sand. On this journey, you pass through the stunning forest of the Tengger-Bromo-Semeru National Park, skirting part of the crest of the Bromo volcano caldera, before descending to the sea of sand to reach the village of Cemorolawang (located on one of the opposite crests). Mt Bromo is the most revered of the Tengger Hindu people who live in the region. Climb the Bromo volcano in the early afternoon. You'll be able to admire its crater resembling a steaming cauldron. It's easy to understand why the Javanese once considered this place to be the entrance to purgatory. You then make your way to the summit of Mount Pananjakan (2,775m) to witness a fabulous spectacle. You will watch the world set against a lunar backdrop, with a breathtaking view of Mount Bromo, its sea of sand, and the Semeru volcano, both of which emit thick fumaroles. Unique!
