Day 2. Free day

Gili Air 

- You will take advantage of the morning to tour the island on foot or by bike. This walk will allow you to discover the quietest beaches of the island but also the small restaurants and bars along the water. Take your mask and snorkel and set off to explore the seabed from the beach. In Gili, there are plenty of fish, but not only that. During your snorkeling trip, you will surely come across several turtles, the oldest inhabitants of the island. And if you prefer to get together with your significant other, grab a cocktail or a fresh coconut and relax with your feet in the sand. The Gili are also made for that!
