## Day 1. Komodo National Park

- You will be met at Labuan Bajo airport and transferred to the port, where you will board your private schooner for a sublime cruise on the crystal-clear waters of Komodo National Park. You will be accompanied by your guide, your cook and the boat's crew. You begin your cruise and sail towards Kelor Island to discover its seabed offering sublime corals and fish of astonishing diversity. You then set sail for the island of Kalong, made up largely of mangroves and where thousands of bats take refuge during the day. As night falls, you can watch this veritable "black cloud" set off towards the large island of Flores, to the east, to feed mainly on fruit.
